BUILT DIVYANGAN FRIENDLY ENVIRONMENT WITH RAMPS

In our college ramps are provided for Divyangnan students and staff. We are all physically disabled at some time in our lives. A child, a person with a broken leg, a parent with a pram, an elderly person, etc. are all disabled in one way or another. Those who remain healthy and able-bodied all their lives are few. As far as the built-up environment is concerned, it is important that it should be barrier-free and adapted to fulfill the needs of all people equally. As a matter of fact, the needs of the disabled coincide with the needs of the majority, and all people are at ease with them. As such, planning for the majority implies planning for people with varying abilities and disabilities. This is known as inclusive design or universally accessible design.

Our Divyangnan Staff, Students and Other Persons are makes use of the ramp facilities available In the College Campus.
