## BEST PRACTICE

### 1. Title of the Practice: Free Coaching for Competitive Examinations

### 2. Objectives of the Practice:

- To make students capable for competing global competitive world.
- To enhance opportunities in higher education and employment.
- To provide students with employable skills

**3. The Context:** The students pursuing undergraduate courses are focused and concentrated on basic academic issues up to the lower classes and the UG level programme can only provide avenues to learn and build life skills, skill development and employable skills to promote their competitive spirit and capabilities in addition to their academic excellence. The poor and economically backward students of this institute can't afford their goals to reach in open competitive world and hence there is a need to provide special coaching on communication skills, soft skills and analytical skills to overcome the tough competition and get success in open job market.

### 4. The Practice:

The faculty motivated the students towards competitive career goals and identified them for imparting the free coaching. The faculty members of this institute with various academic back ground designed a short term programme and distributed the curriculum among the faculty members basing on their academic and competitive efficiency. The institute organized the free coaching classes for competitive tests in academic and employment examinations. Regular classes, tests and discussions conducted in **PG Entrance tests, General studies, analytical skills, soft skills, communication skills, ICT and employability skills to enhance their competitive abilities and personality development.** The overall activities are monitored by JKC & Career Guidance Cell of the institute and frequently conducted Mock tests.

### 5. Evidence of Success:

A number of students utilized, benefitted this opportunity provided by the institute and pursuing their PG courses like M.A, M.Sc, M.Com, M.C.A, M.B.A , B.Ed, and B.PEd courses from various Universities and educational institutes. Several students got employment opportunity in placement drives and various recruitments in public and private sectors.

### 6. Problems Encountered and Resources Required

As the students studying in this institute are came from rural and poor background, majority of them not shown their interest for further studies and not interested to report their duties after selection in placements

due to far away from their native place with home sick. The regular examinations and instruction duration in semester system, overwhelming academic pressure is also another constraint to the students to focus and concentrate on competitive lines as dual learning system. In addition to these the long term internship at the end of third year UG program is another obstacle to the student to turn immediately towards academic and career competitive coaching and test as entire semester spends on skill development activity at various organizations left aside the academic continuity.

This free coaching supported and assisted by the offline and online resources provided by the library of this institute. The NSS unit and other departments of this institute arranged several awareness programmes by inviting resource persons on diversified knowledge to create awareness on personality development and career counseling aspects.

## **Best practice: Free Coaching for Competitive Examinations**

### **Department : JKC& Career Guidance Cell**

As the students studying in this institute are came from rural and poor background, majority of them not shown their interest for further studies and not interested to report their duties after selection in placements due to far away from their native place with home sick. The regular examinations and instruction duration in semester system, overwhelming academic pressure is also another constraint to the students to focus and concentrate on competitive lines as dual learning system. To overcome this barrier the Institute adopts the *free coaching for competitive examinations* for competitive aspirants which is one of the best practices.

The objective and significance of this practice in the institute is

1. To make students capable for competing global competitive world.
2. To enhance opportunities in higher education and employment.
3. To provide students with employable skills

This institute follows separate time table for every week which is finalized by the Principal and Convener. Classes are conducted from Monday to Friday at 4 -5 PM. Some of the faculty members provide coaching for competitive examinations on various topics. Every Friday there will be a mock test for students. After the mock test conducted all the scripts are evaluated and distribute marks to students and discussed the entire question paper thoroughly to know the strengths and weakness of every student. Faculty members are very generous to clarify their doubts after every mock test. Students are encouraged to apply for various competitive examinations. Students are overwhelmed by this best practice of this institute and regularly attend the class and utilizing this golden opportunity.

The following committee monitor classes on weekly basis.

## Feedback from the students

### Feedback from

First of All thank you so much for our beloved principal Sir for thinking about all our careers and future to take Revolutionary step towards our future. My small requests according to our career guidance classes.

→ Sir please request you to discuss the previous questions asked in the competitive examinations such as groups, civils, Banks, Railways etc. <sup>related to that subject.</sup> So that we have an idea about that subject. And how depth we have to study.

→ Examinations are well conducted this is the most important feature of our career Guidance classes. But what we learnt in class is very meagre or less questions. So the questions in exam we face some difficulty due to lack of depth and better awareness among the subjects.

→ We want some depth in subjects as they are <sup>answered</sup> ~~asked~~ in any competitive exam.

→ The classes and timings are all <sup>executed</sup> ~~very~~ well. Thank you.

# General science subject topic wise చెప్తే బావుంటుంది.

ఇంకా బాగా క్లెయిర్ చేసుకోవడానికి knowledge మేరగాడానికి విద్యనా ఒక topic ని తొసుకుని explain చేస్తే బావుంటుందని నా భావోన్మము.

# English classes ఈబాబా తక్కువగా బరిగాం. దొత్తక compitative లో English కి ఎక్కువ ప్రాధాన్యత ఉంది కాబట్టి ప్రతి వారం ఒక రోజు కనీసం English class ఉండాలి.

# Test పుట్టిసంపుడు topic wise మూడు చెప్పి పెరింటే ఆ Topic ని cover చేయడానికి వేరకొనముంటుంది.

# Compitative exams విద్యనా ఒక paper ని solve చేయించాలి నెనుకుంటున్నా. వేపుడు way of exam pattern తెలుస్తోంది. ఏ exam ఎలా ఉంటుంది. గాని [ఒక paper ని explain చేయడం]

# One week లో one day class లకు holiday కావాలి. 5 days మాత్రమే class లు ఉండాలి.
