BRIEF REPORT

ONE DAY NATIONAL WEBINAR ON

"One Nation, One Tax: The Journey from GST to GST 2.0"

Date: 09.10.2025

Venue: VKV Government Degree College, Kothapeta (Online Mode)

Organised by: Department of Mathematics & NSS Unit.

A One Day National Webinar titled "One Nation, One Tax: The Journey from GST to GST 2.0" was successfully conducted on 9th October 2025 through online mode by VKV Government Degree College, Kothapeta, under the joint aegis of the Department of Mathematics and the NSS Unit.

The webinar aimed to deepen understanding of India's evolving tax landscape, focusing on the transition from the original Goods and Services Tax (GST) framework to the proposed GST 2.0 reforms. The event witnessed enthusiastic participation from faculty, students, and civic educators across the country.

Resource Persons:

1. Sri M. Sudhakara Rao

Joint Commissioner (ST), State GST Department, Rajamahendravaram Division

He provided an insightful overview of GST implementation, challenges faced by the State GST authorities, and the anticipated structural improvements under GST 2.0.

2. Dr. N. Sathya

Assistant Professor, Vellore Institute of Technology, Tamil Nadu

Dr. Sathya elaborated on the mathematical modeling and data analytics behind GST reforms, highlighting the role of technology and academic research in shaping tax policy.

The session concluded with an interactive Q&A, where participants engaged with the experts on practical implications, compliance strategies, and the future of digital taxation in India.

The webinar was a resounding success, fostering awareness and academic dialogue on a trending topic of national importance.

TYPES OF GST

1. SGST: State goods and service tax (SGST) is the tax that the state government levies on intra-state goods and service transaction. SGST subsumes earlier taxes such as VAT, entertainment tax, luxury tax, and purchase tax. UGST-Union Territory goods and service tax replaces SGST in union territories like Andaman and Nicobar Islands or Chandigarh.

2. CGST: Central goods and service tax (CGST). The central government levies GST on intra-state goods service transactions. The central government collects the revenue generated through CGST. It is levied along with SGST or UGST.

FAQs on Old GST vs New GST 2.0

Q1. What is the main difference between GST 1.0 and GST 2.0?
A1. The biggest difference between GST 1.0 and GST 2.0 is **slab rationalization and simplification**. GST 1.0 had five major slabs (0%, 5%, 12%, 18%, 28%) with an added cess. GST 2.0 removes the 12% slab, expands 0% and 5% categories, and introduces a new **40% slab for luxury and sin goods**, making the system simpler and fairer.

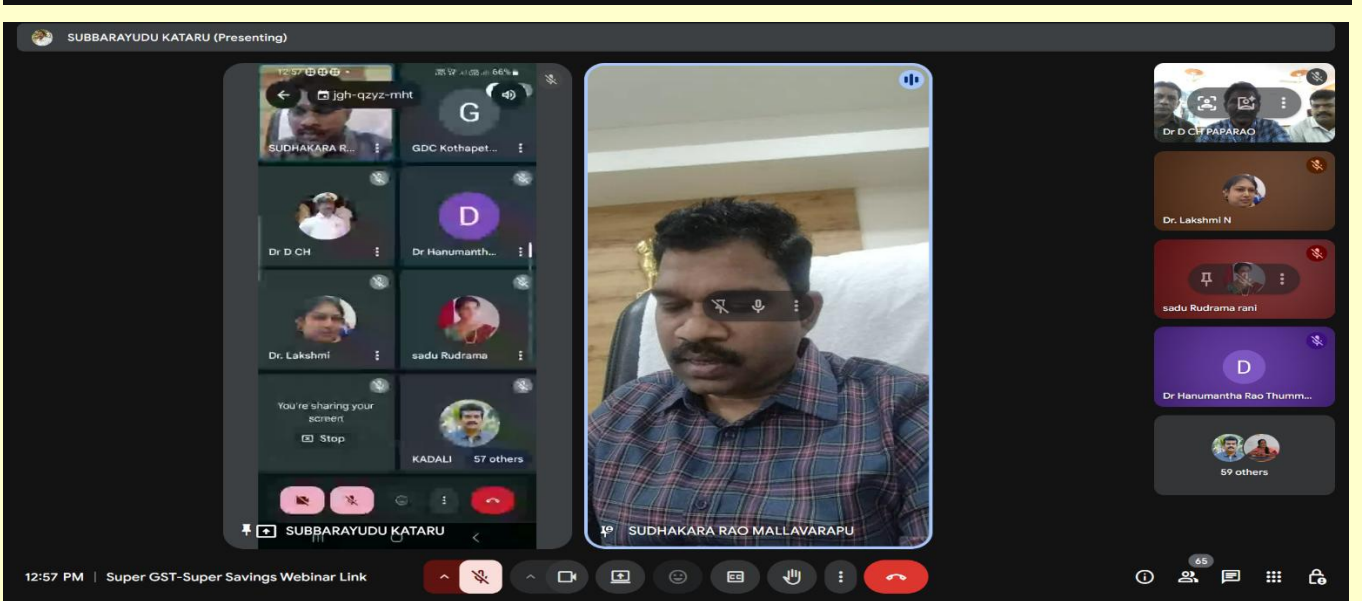

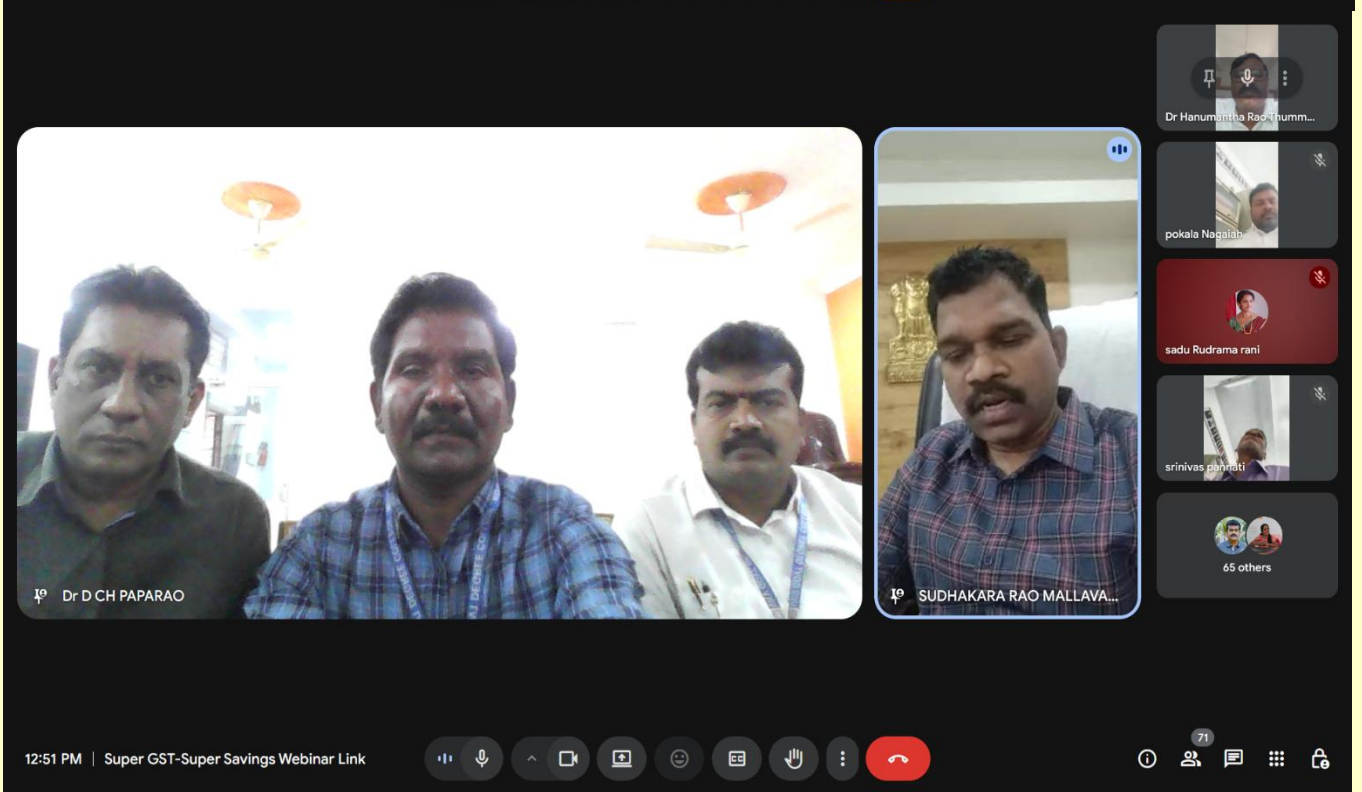

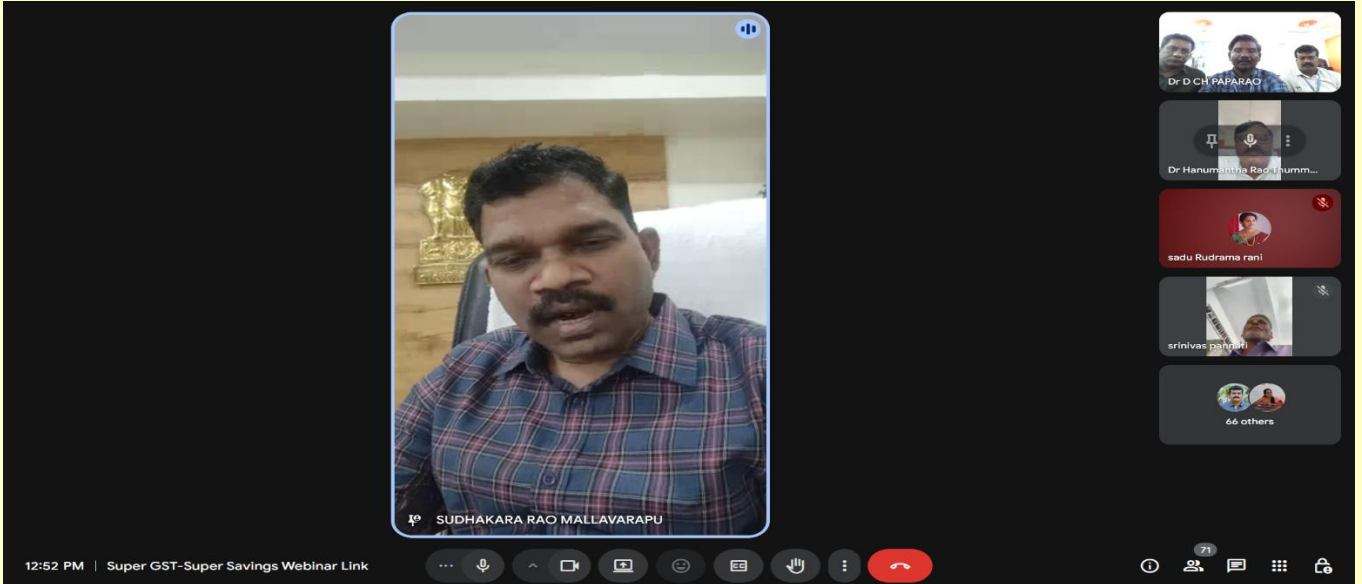

Q2. What is the difference between GST and old tax?
A2. GST and the beforehand tax policy, Value Added Tax (VAT), can be differentiated beyond assorted parameters. The VAT was answerable at every assembly or administration point of goods. But, GST is levied alone on production, sale, and burning of appurtenances and services.

Q3. What are the GST 2.0 benefits for consumers?
A3. Consumers benefit through **lower taxes on essentials, healthcare, insurance, and household items**. Essentials like milk, chapati, notebooks, and shampoos fall in 0%-5% slabs, making them cheaper. Price stability and affordability are th

Brief Report on Board of Studies (BOS) Meeting in Mathematics

Institution: S.K.S.D. Women's College (Autonomous), TANUKU.

Date: 14th October 2025

Representative: Dr.D.CH.PAPARAO, Adikavi Nannaya University, Rajamahendravaram

Purpose of the Meeting:

The Board of Studies (BOS) meeting was convened to review and revise the undergraduate Mathematics curriculum in alignment with the latest academic standards, NEP 2020 guidelines, and industry relevance.

Key Discussions:

- ❖ **Curriculum Enhancement:** Proposed updates to the syllabus for B.Sc. Mathematics programs, including the introduction of new elective papers such as Mathematical Modelling, Data Analytics, and Python for Mathematics.
- ❖ **Skill-Based Additions:** Emphasis on integrating skill-based modules and interdisciplinary topics to improve employability and academic depth.
- ❖ **Assessment Reforms:** Suggestions to refine internal assessment patterns and promote continuous evaluation.
- ❖ **Resource Recommendations:** Identification of textbooks, reference materials, and digital resources to support the revised curriculum.

Role as University Representative:

As the representative of Adikavi Nannaya University, Rajamahendravaram I:

- ✓ Reviewed and endorsed the proposed curriculum changes.
- ✓ Provided insights on aligning the syllabus with university norms and APSCHE guidelines.
- ✓ Encouraged inclusion of research-oriented and application-based topics.
- ✓ Appreciated the department's initiative in fostering academic innovation and student-centric learning.

Outcome:

The proposed curriculum revisions were unanimously approved by the BOS members. The updated syllabus will be submitted to the Academic Council for final ratification.

**Topic: General characteristics of
Pteridophytes**

Date:15/10/2025

Pteridophytes

GENERAL CHARACTERISTICS OF PTERIDOPHYTES

INTRODUCTION:

Pteridophytes are a group of vascular plants that reproduce by spores and do not produce flowers or seeds. As one of the first land plants to evolve a vascular system, they have true roots, stems, and leaves for efficient water and nutrient transport, and are represented by ferns, horsetails, and club mosses. Because they produce hidden spores and lack seeds, they are also known as vascular cryptogams.

Key characteristics

- **Vascular system:**

They have a well-developed vascular system with xylem and phloem for transporting water and nutrients, which allows them to grow larger and stronger than non-vascular plants.

- **Reproduction:**

Pteridophytes reproduce through spores produced in structures called sporangia, rather than seeds. Water is essential for the transfer of the male gametes to the female gametes for fertilization.

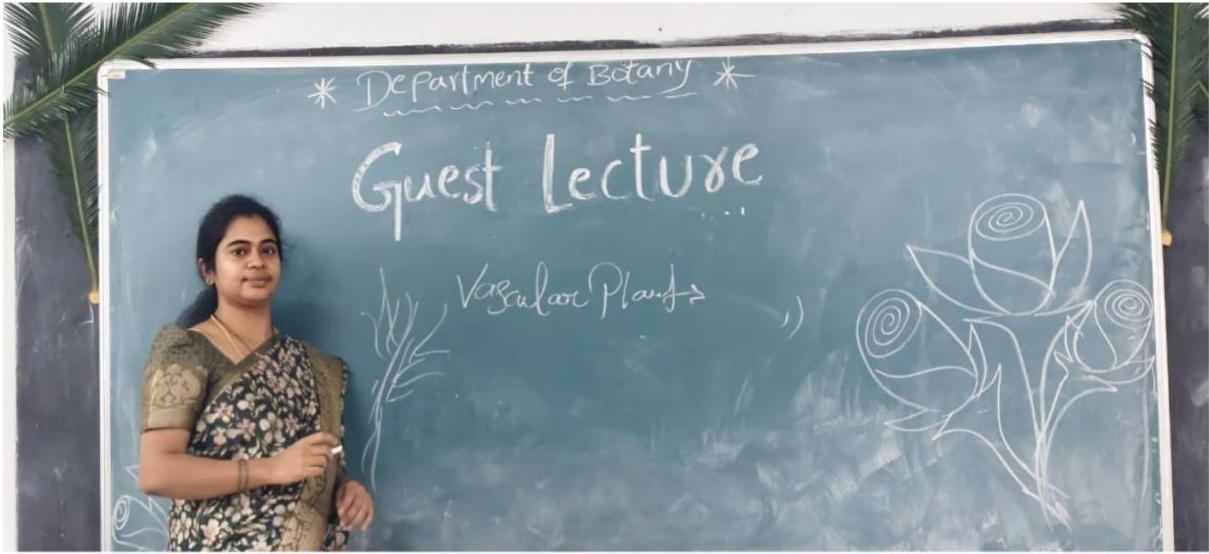

- **Life cycle: Life cycle:**

They exhibit a distinct alternation of generations, with a dominant, diploid sporophyte generation (the familiar plant) and a separate, haploid gametophyte generation (a small, often photosynthetic plant).

- **Habitat:**

They are often found in cool, damp, and shady environments because they require water for fertilization.

- **Examples:** Common examples include ferns, horsetails (*Equisetum*), and club mosses (*Lycopodium* and *Selaginella*).

LECTURE AT : V S M DEGREE COLLEGE

RAMACHANDRAPURAM

TOPIC : THE LAST CHILD

(MULK RAJ ANAND)

SYNOPSIS

The Last child days is so dear to MulKraj Anand as it was his 'first fiction fact' .It is based on his personal experience when he was a boy of five .It appeared in more than 165 anthologies after its first publication in ," The great short stories of the world " ,, The point of the story is that the children's love of toys and sweets is nothing before there love of parents.

Once a boy of five went to a village fair along with his parents .He was attracted by everything in the fair. The child was full of joy and anticipation. It was a land of wonder and Splendor The boy was attracted by various things- birds and butterfly, toys and sweets, flowers and balloons and ride. But to his disappointment his parents paid no heed to the child's desires .The boy was quite frustrated as he was denied everything he wanted. His parents did not buy him anything, even a balloon. He was disgusted with the eternal "no" from the parents. After sometime, he stopped asking his parents since he knew well that his requests would be refused.

The child refuses everything. He just cries and weeps over and over again , saying. "I want my mother I want my father!" This is evidence that the child's longing for his parents is greater by much than his longing for any tangible object. The kindness of the man cannot put it the child at ease.The scene between the man and the boy communicates a clear message,It is that the biggest need of a child is the love and protection of his parents. Nothing can replace the sense of security, no matter how many toys and treats a child may have. The overall message of this exchange is that family love and protection are the most precious things in a child's life.

NSS PO: Dr.D.CH.PAPARAO

Introduction

In alignment with the visionary goals of the “Swacha Andhra–Swarna Andhra” initiative, the NSS Unit proudly organized the SASA (Swachh Andhra Student Swarna Andhra) pledge for October 2025, centered around the theme “Clean Air.” This campaign aimed to raise awareness, inspire action, and promote sustainable practices among students and the wider community to ensure breathable, healthy air for all.

Objectives

- To educate students and citizens on the importance of clean air and its impact on health and climate.
- To encourage eco-friendly habits such as reducing vehicular emissions, planting trees, and avoiding open burning.
- To foster civic responsibility and environmental stewardship through student-led initiatives.

Awareness Cycle Rally on “Clean Air”

As a flagship activity under the SASA October 2025 campaign, the NSS Unit organized a dynamic Awareness Cycle Rally to promote the theme “Clean Air”. This eco-conscious initiative was designed to highlight the importance of non-polluting modes of transport and to inspire the community to adopt sustainable practices.

Route & Participation

The rally commenced from College entrance gate and covered key areas of Kowshik Road, Kothapeta, culminating at Manna Church. Over 155 Students and 20 faculty members participated, donning eco-themed attire and carrying bilingual placards with slogans such as:

- “శుద్ధమైన గాలి - ఆరోగ్యానికి బాట”
- మొక్కలు నాటండి - కాలుష్యాన్ని నివారించండి
- “Clean Air - Clear Future”
- “Cycle Today - Breathe Easy Tomorrow”

Objectives

- To promote cycling as a clean, healthy alternative to motor vehicles.
- To raise public awareness about the harmful effects of air pollution.
- To engage students in climate-conscious civic action.

Highlights

- The rally attracted attention from local residents, with many joining spontaneously.
- NSS volunteers distributed pamphlets on air quality and green living.
- The event was covered on Youtube, Facebook and local press.

Dated:28-01-2025

As per the reference cited above ,the Government of Andhra Pradesh has designated the **third Saturday of every month as Swachhata Day**, marking it as a state wide cleanliness day. Theme-wise Guidelines were including month-wise themes and action points were issued vide ref(1). For this month of October 2025 the theme has been given as "**CLEAN AIR**" with the objective to mitigate air pollution and related health issues for citizens.

In this regard all the Principals of Government and Private Aided Colleges are here by requested to implement the following activities on the 3rd Saturday October ie on **18-10-2025** with a focus on theme :"**CLEAN AIR**".

1. Promote Public Transport:

➤ Encourage students and Staff to use bicycles,walk or public transport by announcing a day in a week as a "**Reduced Vehicle Day**" on Campus.

2. Organize Car Free/Bike Free Days:

➤ Organize a **Cycle to College Rally** or a Walkathon for Clean Air from college to Designated Point.

3. Conduct Plantation Drive:

➤ Conduct a Méga Plantation Drive focusing on native, air purifying species.

➤ Involve the departments /NGOs for the adaption of plant saplings etc

4. Organize programs on Renewable Energy/Efficiency:

➤ Organize a seminar or guest lecture on "Campus Energy Audit and Solar Rooftop Feasibility" to promote energy efficiency and clean power sources.

5. Adopt Cleaner Practices(Stubble burning):

➤ Stubble burning not only pollutes the air but also harms soil fertility and public health. Practice in College by creating awareness among students and nearby farming communities.

➤ Organize workshops on eco-friendly alternatives like composting, mulching, and using crop residue for bio-fuel can encourage sustainable solutions along with NSS & NCC units.

6. Awareness Campaigns on Air Quality:

➤ Organize Essay writing, Poster Making, Debate Competitions.

➤ Conduct public awareness skits/ street plays on the theme "**Air Pollution and Health**" etc

7. Conduct Community engagement /Outreach Programs:

➤ Educate public in the Adopted Villages or near by villages of College on vehicle emission control and the importance of tree coverage in coordination with NSS or NCC volunteers.

8. Upload all the activities on the respective college social media handles as well as on the official CCE Social media handles using Hashtags #APCCE, #GDCsSASA, #Clean Air

Hence all the Principals of Government and Private Aided Degree College are requested to implement the October SASA activities under the theme "**CLEAN AIR**" on **18-10-2025**. The details of the activities shall be

submitted in the **SASA APP** (developed by Swachha Andhra Corporation) on or before **5:00PM on 18-10-2025** and note that the APP will close automatically after the deadline. In addition submit the same information to the Collegiate Education in the following format through Google Sheet which will be shared by the CCE on **21-10-2025**.

Brief Report on Guest Lecture

Topic: “Linear Transformations”

Date: 23rd October 2025

Venue: Government Degree College, Ravulapalem

Audience: Final Year B.Sc. Mathematics Students

A guest lecture on the topic "Linear Transformations" was organized by the Department of Mathematics at Government Degree College, Ravulapalem on 23rd October 2025. The session was designed to enrich the conceptual understanding and practical applications of linear algebra among final-year undergraduate students.

The resource person, Dr.D.CH.PAPARAO, Head, Department of Mathematics, a distinguished academician from V.K.V. Government Degree College, Kothapeta, delivered an insightful presentation covering the fundamentals of linear transformations, matrix representations, kernel and image, and their significance in solving real-world problems. The lecture emphasized the role of linear transformations in various domains such as computer graphics, data science, and quantum mechanics.

25 Students actively participated in the interactive session, posing thoughtful questions and engaging in problem-solving exercises. The lecture concluded with a brief Q&A and a vote of thanks by the Head of the Department, B.SRINIVASARAO Rao appreciating the speaker’s contribution to academic enrichment.

The event was coordinated by the Mathematics Faculty, with support from the Principal Dr.V. SRINIVASARAO, IQAC Coordinator Dr.U.SUBHASHINI and Students, ensuring smooth logistics and student engagement.
